SWAG THAT HOLDS UP

Furniture is the longest-running ad you will ever buy. A stool sits in a bar for a decade. A table top gets photographed by every customer who eats off it. A clock hangs on a wall until somebody takes it down. That is a very different job than a giveaway pen, and it needs to be built like it.

BUILT COMMERCIAL, NOT CONSUMER. Steel frames are 16-gauge, 1.25 inch tubing with solid MIG welded joints, powder coated or triple chrome plated to resist rust, chips, and abrasion. Hardwood frames are solid Appalachian Red Oak or Northeast Maple. Seats use high-density, US-made foam and commercial marine grade vinyl. Every product line is independently tested to meet or exceed ANSI/BIFMA standards.

DECORATION THAT SURVIVES THE ROOM. Artwork is digitally printed with UV cured ink, laser engraved, or sublimated depending on substrate. Printed vinyl seats showed no deterioration after rigorous double-rub testing. Pantone color matching is available so your brand reads correctly under bar lighting, not just on a monitor.

ONE PIECE OR ONE THOUSAND. Minimum order quantity is one. Standard production is 7 to 10 business days. We drop ship direct to accounts, venues, and distributors, which means you are not renting warehouse space to store your own marketing.

DESIGNED, NOT ORDERED. SOBO is a design studio first. We art direct the decoration, build the mockups, spec the program around how the space actually gets used, whether that is a national on premise rollout or twelve pieces for one flagship location.

SEATING

Stools, chairs, and shop seating built for commercial abuse.

SB-101

TRADITIONAL BACKLESS STOOL

The workhorse. A round cushioned seat with a full side band, which gives you two print surfaces instead of one. Top and side printing means your mark reads from across the room and from the seat itself.

OPTIONS

Frame:	Black Wrinkle, Chrome
Seat:	Commercial marine grade vinyl

SB-102

CONTEMPORARY BACKLESS STOOL

A cleaner, lower-profile cushion for rooms that do not want a diner look. Available at chair height for lounge and lobby seating, with an optional chrome accent ring to pick up hardware elsewhere in the space.

OPTIONS

Frame:	Black Wrinkle, Chrome
Seat:	Commercial marine grade vinyl
Accent:	Optional chrome accent ring

SB-103

RIBBED CONTEMPORARY STOOL

The ribbed chrome accent band adds visual weight and hides the seat-to-frame joint, which is the first thing to look tired on a heavily used stool. A good pick for beer and beverage programs that need shelf presence.

OPTIONS

SB-201

LADDER BACK CHAIR AND STATIONARY STOOL

One silhouette, three heights, so a single decoration package covers dining chairs, counter, and bar. Full bleed seat printing means you can run photography and not just a logo.

OPTIONS

Frame:	Black Wrinkle
Seat:	Commercial marine grade vinyl
Print:	Full bleed seat, square cushion
Build:	Stationary, no swivel

SB-202

LADDER BACK SWIVEL STOOL

Same ladder back profile with a 360 degree swivel on encased stainless ball bearings. Powder coated to resist rust, which matters more than people think in coastal and patio installs.

OPTIONS

Frame:	Black Wrinkle
Seat:	Commercial marine grade vinyl
Swivel:	S-360 continuous rotation

SB-203

SPINDLE BACK SWIVEL STOOL

A lighter, more open back that does not visually crowd a narrow bar. The vertical spindles read as classic without tipping into retro, so it sits comfortably in both hospitality and retail environments.

OPTIONS

Frame:	Black Wrinkle
Seat:	Commercial marine grade vinyl
Swivel:	S-360 continuous rotation

SB-204

WOOD BACK SWIVEL STOOL

The premium play. A solid medium maple back panel takes a laser engrave, which gives you a burned-in mark that cannot scuff off. Pair the engraved back with a vinyl or wood seat depending on the room.

OPTIONS

Frame: Black Wrinkle
Seat: Vinyl or solid wood
Back: Medium Maple, laser engraved

SB-205

BUCKET BACK SWIVEL STOOL

A wrapped bucket back with a decorated medallion on the outer shell, so the branding faces the room rather than the guest. The most comfortable seat in the line and the easiest one to keep looking new.

OPTIONS

Frame:	Black Wrinkle, Chrome
Seat:	Black commercial vinyl
Decoration:	Printed medallion, outer back

SB-206

PANEL BACK SWIVEL STOOL

The widest finish range in the line, including Anodized Nickel, Bronze, and Pewter. The vinyl back panel can be Pantone matched front and back, which lets you run brand color on the frame side and artwork inward.

OPTIONS

Frame:	Anodized Nickel, Black Wrinkle, Bronze, Pewter
Seat:	Vinyl or wood (Oak or Maple)
Back:	Vinyl, Pantone match available

SB-301

SHOP STOOL WITH CASTERS

Built for service bays, parts counters, and trade show back-of-house. Twin wheel hooded casters hide the grime that collects on an exposed tread, and they pass BIFMA test standards for seating applications.

OPTIONS

Frame: Black Wrinkle
Seat: Commercial marine grade vinyl
Casters: 2" twin wheel, hooded, greased
Print: Top, full bleed

SB-401

HARDWOOD CUSHION STOOL

Solid Appalachian Red Oak or Northeast Maple on a commercial hardwood base. Six stock finishes plus custom and painted options, so it can match existing millwork instead of fighting it.

OPTIONS

Frame:	Solid wood (Oak or Maple)
Finish:	Natural, Medium, Dark, Dark Cherry, Custom, Painted
Seat:	Commercial marine grade vinyl
Swivel:	S-360 continuous rotation

SB-501

RETRO DOUBLE RING STOOL

Triple chrome plated double ring frame with nylon swivel glides that protect floors far better than the plastic caps this category usually ships with. Top and side printing on a full vinyl color selection.

OPTIONS

Frame: Triple chrome plated steel
Seat: Commercial marine grade vinyl
Printing: Top, Side
Swivel: S-360 with nylon glides

SB-502

RETRO DOUBLE RING STOOL WITH BACK

Three print surfaces on one piece: seat top, seat side, and backrest. That is the highest brand-impression count per unit in the seating line, and the backrest doubles as a sightline sign above the bar.

OPTIONS

Frame:	Triple chrome plated steel
Seat:	Commercial marine grade vinyl
Printing:	Top, Side, Back Rest, Combination
Swivel:	S-360 continuous rotation

SB-503

RIBBED RETRO DOUBLE RING STOOL

The ribbed chrome band and double ring base together read as authentic mid-century without being a costume.
A strong fit for automotive, quick-lube, and building products dealer programs.

OPTIONS

Frame:	Triple chrome plated steel
Seat:	Commercial marine grade vinyl
Accent:	Ribbed chrome band
Swivel:	S-360 continuous rotation

SH	H	BRH	BRW	SD	SW	FRH

TABLES

Four bases, two top sizes, and a print surface everyone eats off.

TB-101

X BASE TABLE

The most stable four-point base in the line and the easiest to sweep under. Custom logo tops are 1 inch hardened MDF core with a scratch-resistant laminate face, sublimated for full color clarity edge to edge.

OPTIONS

Base:	Cast iron base plate
Column:	3" steel
Top plate:	Cast iron spider
Levelers:	Adjustable, standard

Heights	Top Sizes	Base Finish	Trim	Foot Ring
30, 36, 42	30, 36	Black Wrinkle	Black, Chrome	Optional

Measurements in inches. Minor variations may occur.

DETAILS

Optional chrome foot ring available.

Tops: 1" hardened MDF core, laminate face, trim edge.

TB-102

ROUND BASE TABLE

A weighted disc base for tight floor plans where an X footprint gets kicked. Available in Stainless Steel and Chrome for rooms that need the base to disappear into the fixtures.

OPTIONS

Base:	Cast iron base plate
Column:	3" steel
Top plate:	Cast iron spider
Levelers:	Adjustable, standard

Heights	Top Sizes	Base Finish	Trim	Foot Ring
30, 36, 42	30, 36	Black Wrinkle, Stainless, Chrome	Black, Chrome	Optional

Measurements in inches. Minor variations may occur.

DETAILS

Optional foot ring available with Black Wrinkle finish only.

TB-103

STAR BASE TABLE WITH FOOT RING

Bar height only, and the integrated foot ring comes standard rather than as an upcharge. The five-point base spreads load across uneven patio and event flooring better than a four-point.

OPTIONS

Base:	Steel 5-point base plate
Column:	2" steel
Top plate:	Steel square
Foot ring:	Standard

Heights	Top Sizes	Base Finish	Trim	Foot Ring
42	30, 36	Black Wrinkle, Chrome	Black, Chrome	Standard

Measurements in inches. Minor variations may occur.

TB-104

SQUARE BASE TABLE

The most architectural profile of the four, with a pyramid base plate that photographs cleanly in a styled space. Best choice when the table top is the hero and the base should stay quiet.

OPTIONS

Base: Cast iron base plate
Column: 3" steel
Top plate: Cast iron spider
Levelers: Adjustable, standard

Heights	Top Sizes	Base Finish	Trim	Foot Ring
30, 36, 42	30, 36	Black Wrinkle, Chrome	Black, Chrome	No

Measurements in inches. Minor variations may occur.

TB-201 / SB-601

LED TABLES AND STOOLS

This is the one that gets photographed and posted. Four customizable Lexan panels per piece light from within, with 16 static colors and 4 transitional settings on an IR remote. Twelve hours of run time per charge, fully waterproof, electro-coated steel base for all-weather use. Replacement and seasonal swap panels available.

OPTIONS

Table:	TB-201, 42" tall
Stool:	SB-601, 30" tall
Panels:	4 per piece, custom printed Lexan
Power:	Rechargeable, up to 12 hrs, waterproof

CUE RACK AND RACKING TRIANGLE

The accessories are where a game room program either reads finished or reads like a stool with a sticker on it. Both take full color decoration, and both are low enough cost to use as employee or VIP gifts.

OPTIONS

Cue rack finishes: Chardonnay, Navajo, English Tudor, Black
Cue rack build: Solid wood, CNC-routed, real mirrored glass
Triangle: Durable polypropylene, holds 15 balls
Triangle decoration: Digitally printed decals with UV protection

DETAILS

Upper and lower piece design protects cue shafts.
 Racking triangle imagery available on request.

GM-141 / GM-143

SHADE LIGHTING

Nine stock shade colors before you even print, which means you can hit brand color on the shade and run artwork on top. Two prints per shade, so a three-shade fixture carries six impressions over the table.

OPTIONS

Styles: GM-141 pendant, GM-143 three-shade
Finishes: Brass, Chrome with decorative finials
Shade colors: Light Blue, Dark Blue, Red, Maroon, Green, Yellow, Black, Purple, Orange

Item	Dimensions	Shade	Prints	Illumination

DETAILS

Live print area: 6" x 6" per print, 2 prints per shade.
 Bulbs not included.

GM-151 / GM-153

BOX LIGHTING

Shatter-resistant printed panels on a black metal frame, front and back plus both ends. The long fixture is effectively a lit 42 inch banner suspended at eye level over the table.

OPTIONS

Styles: GM-151 long, GM-153 pendant
Finish: Black metal
Panels: Shatter-resistant, digitally printed
Illumination: T8 LED tubes or 60W max equivalent

WALL DECOR AND CLOCKS

The pieces that stay on the wall long after the campaign ends.

WD-101 / 102 / 103

MIRRORS

Real 1/8 inch glass, not acrylic, digitally printed with UV cured ink. Mirrors do something no flat sign can: they bounce room light back at the viewer, so the piece changes through the day instead of going invisible.

OPTIONS

Glass: 1/8" authentic mirror glass
Frame: WD-101/102: 1.25" matte black. WD-103: 3" black wood
Print: Digitally printed, UV cured ink
Hardware: Saw-tooth hanger included

CANVAS PRINTS

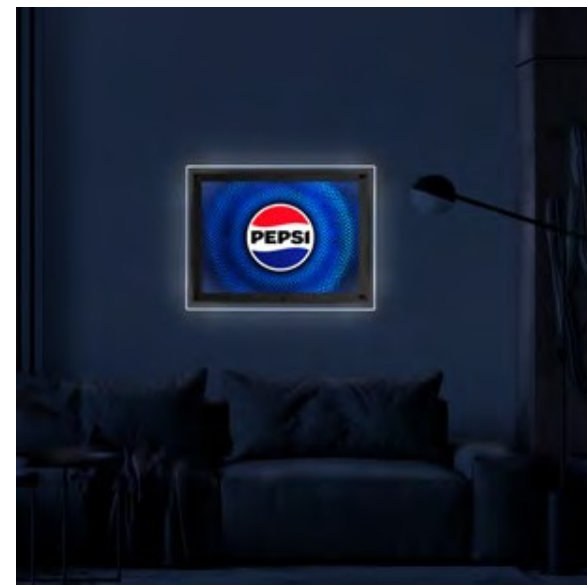

Gallery-wrapped canvas reads as art rather than signage, which gets it hung in rooms that reject point of sale. Useful for location photography, heritage imagery, and anything where the brand should whisper.

OPTIONS

Substrate: Durable, professionally treated canvas
Frame: 3/4" x 1.5" solid wood stretcher bar
Corners: Triple v-nailed
Options: Floater frame available

Item	Finished Size	Orientation	Frame	Bleed
WD-121	15" x 20"	Horizontal or vertical	Stretcher bar or floater	Wrapped, no bleed

ACRYLIC LED BACKLIT SIGNS

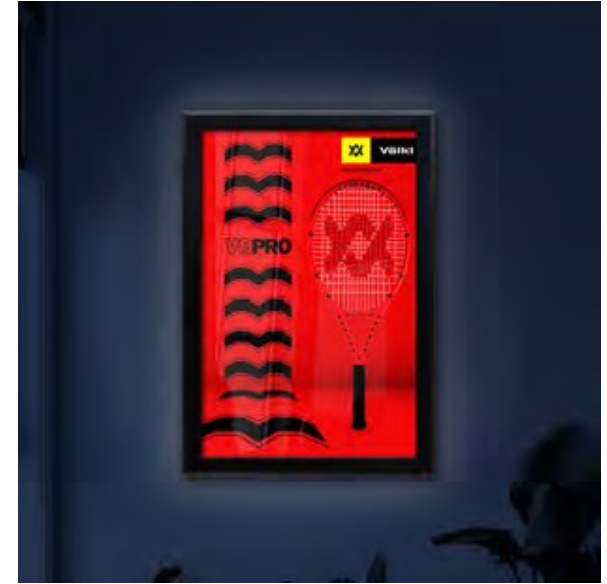

Artwork sits between two acrylic sheets and is changeable, so one fixture carries a season of promotions instead of one. A4 and A3 sizes ship with desktop hardware as well as wall hardware.

OPTIONS

Illumination: Built-in LED, 120V UL listed supply
Artwork: Changeable, between acrylic sheets
Mounting: Wall hardware included
Desktop: A4 and A3 include desktop hardware

Item	Size	Finished	Live Area	Orientation

Measurements in inches. Minor variations may occur.

WD-141

SNAP FRAME LED BACKLIT SIGN

A snap-open aluminum frame means staff can change the graphic in under a minute with no tools and no service call. This is the right fixture for anything with a price, a date, or a limited release on it.

OPTIONS

- Frame:** Snap open black aluminum
- Face:** Acrylic, protects replaceable artwork
- Illumination:** Built-in LED, 120V UL listed supply
- Mounting:** Easy-hang hardware included

Measurements in inches. Minor variations may occur.

WD-201 / WD-202

DOUBLE RING NEON CLOCKS

Authentic glass lens face, real neon, and seven outer ring colors. In a dim room this is the brightest branded object on the wall, and unlike a lit sign nobody resents a clock.

OPTIONS

- Inner ring:** White neon
Outer ring: Yellow, Blue, Red, Green, Purple, Orange, White
Casing: Chrome or Black
Movement: Quartz, one AA battery (not included)

Item	Diameter	Depth	Live Print	Power

WD-211

MULTI-COLOR LED CLOCK

Twenty static colors and nineteen dynamic modes on a pull chain, with adjustable speed and brightness. One SKU that can match a brand palette today and a holiday palette in December.

OPTIONS

- LED ring:** 20 static colors, 19 dynamic modes
- Adjustment:** Speed and brightness
- Face:** Glass lens, chrome casing
- Control:** On/off pull chain

Item	Diameter	Depth	Live Print	Power
WD-211	16"	5"	12.25"	120V UL adapter plus AA

Measurements in inches. Minor variations may occur.

DETAILS

- Rugged plastic back with heat vents.
- Flush mounted keyhole hanger.
- Full color digital print with UV cured ink.

WD-221 / WD-222

LED INDOOR / OUTDOOR CLOCK AND THERMOMETER

Sealed with a rubber gasket and UV resistant, so these live on a patio, a dealership lot, or a covered deck.
A photo eye senses ambient light and switches the LEDs on without anyone touching a thing.

OPTIONS

Casing: UV resistant black ABS, rubber gasket seal
Hands: Aluminum, glass lens face
LEDs: Four, photo eye auto on/off, 4 D batteries
Thermometer: Factory calibrated -40 F to 140 F

Item	Diameter	Depth	Live Print	Power

WD-222 Thermometer	14"	3.125"	10.5"	4 D batteries

Measurements in inches. Minor variations may occur.

WD-231

TRADITIONAL CLOCK

No power supply, no adapter, no cord to hide. Strong UV resistant casing, aluminum hands, glass lens, and a quartz movement. The lowest-friction branded wall piece in the book and the easiest to ship in volume.

OPTIONS

Casing: UV resistant black plastic
Hands: Aluminum
Face: Glass lens
Movement: Quartz, one AA battery (not included)

Item	Diameter	Depth	Live Print	Power
WD-231	15"	2.5"	10.6"	One AA battery

Measurements in inches. Minor variations may occur.

WD-241 to WD-252

WOOD CLOCKS AND SIGNS

One inch solid wood, printed with UV cured ink or laser engraved. The engraved version has no ink to fade, which makes it the right call for anything meant to last past the current brand refresh.

OPTIONS

Material:	1" thick solid wood
Decoration:	Digitally printed with UV cured ink or laser engraved
Finish:	Multi-step finish process
Mount:	Keyhole hanger

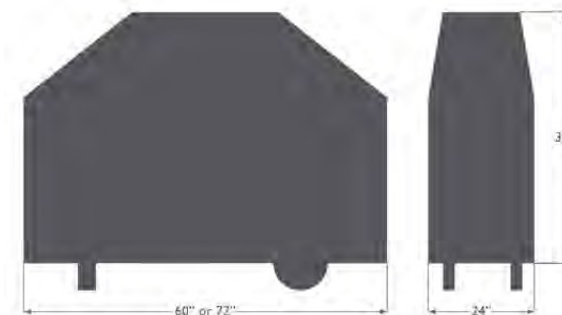

Item	Type	Diameter	Live Area	Movement

Measurements in inches. Minor variations may occur.

COVERS

Marine vinyl that protects the asset and advertises while it does it.

CV-101 / CV-102

GRILL COVERS

Breathable commercial marine vinyl, UV, water, stain, and tear resistant, vented to release moisture instead of trapping it. A cover is the rare gift that gets used weekly and stored outdoors in plain sight.

OPTIONS

Material: Breathable commercial marine vinyl
Protection: UV, water, stain, and tear resistant
Venting: Vented to release moisture
Fit: Dual cinch clasps

Item	Width	Depth	Height	Live Print

BLACK STEEL

Enduro tops are the outdoor alternative to a custom logo laminate top. Use them where UV and weather exposure would shorten the life of a printed surface, and carry the branding on the base, stools, or panels instead. Available on all table bases and on the LED table (TB-201).

ART GUIDELINES AND SPECIFICATIONS

Send artwork to your SOBO rep or info@SOBOconcepts.com. Vector master files move fastest.

ACCEPTED FILE TYPES

.ai .eps .pdf .psd .tiff .jpg

Vector art recommended for quality and clarity.

300 DPI minimum for raster images.

Preferred color space: US Web Coated (SWOPv2) CMYK.

SET-UP AND COLOR

Set-up charges are per artwork, per product.

Pantone color matching for vinyl flooding is available, subject to fee.

Colors on screen will not match dyed vinyl exactly.

Request a physical sample for critical brand color.

MOCKUPS AND PROOFS

Two rounds of mockups are provided at no charge per artwork, per product: first submission plus one edit.

Additional edits are billed at SOBO's hourly art rate.

No product goes into production without written approval of the final proof.

WHAT SLOWS A JOB DOWN

Raster logos pulled from a website.

Artwork supplied in RGB for a CMYK process.

Missing fonts in a packaged file.

No confirmed Pantone reference for brand color.

Send SOBO the brand guide and the vector master and most of this disappears.

MEASURING SEATING, TABLES, AND SPACE

Get this wrong and the room feels wrong. It is the cheapest thing to fix before you order.

SEAT HEIGHT TERMINOLOGY

18" = Chair
25" = Counter stool
30" = Bar stool
36" = Tall bar stool

Cushioned seats measure slightly higher to account for compression while seated.

SEAT TO SURFACE

Allow 12" between seat height and the top of the table, counter, or bar.

18" seat with a 30 to 32" table
24 to 25" seat with a 36 to 38" counter
30" seat with a 42" bar
36" seat with a 48 to 50" bar

HOW MANY STOOLS

Measure the counter in feet and divide by two.
Two feet of counter per stool is comfortable for most seating in this catalog.

If your counter height falls between the figures above, contact SOBO. Custom heights are available on most seating styles.

DIMENSION ABBREVIATIONS

SH Seat Height
H Overall Height
BRH Back Rest Height
BRW Back Rest Width
SD Seat Depth
